

T/A ROUSH RACING MUSTANG

CHASSIS #14

1985 ROUSH RACE CAR

1985 Trans Am "Roush Racing" Mustang Chassis #14 . One race weekend on fresh 335 Cu .In. period correct legal T/A engine with broad - flat power band redlining at 7500 rpm. Chassis #14 still utilizes most of its original 1990 style body panels. Well sorted original Roush Mustang that has been vintage raced extensively on the East with much success. 200 MPH at Daytona 2012 .One of 16 original cars making up the very first run of Trans Am Mustangs produced by Roush. One of the last chassis to receive the "90 update" performed by Roush Racing in 1991. Many original components still intact making this car vintage eligible for most any venue. Shows very well, comes with too many spares to list. Partial list to include fresh Weismann transmission & gears, front snout frame, New C&R radiator, Brembo caliper & pads, and lower valance. Also comes with 3 sets of BBS wheels, 3 sway bars, 2 log books. Bins of spares.

PRICED AT \$250,000
